

*Altogether Better Policing*

# Stay Safe on Bonfire Night

**Remember remember the 5th of November...  
and remember these safety tips:**

- Always ask an adult to light your fireworks.
- Handheld fireworks like sparklers should be held at arm's length.
- Never throw a lighted firework at a person, animal or property.
- Store fireworks safely, away from a bonfire or other fire where they could go off accidentally.
- Follow the lighting instructions.
- Organised displays are much more fun!
- Keep cats, dogs and other pets indoors on Bonfire Night.
